# Message From Editor

Glad to share with all of our fellow JC that we won the Best Publication Award in ASPAC 2009. It is really an important achievement for the publication team which encourage us continue to pay our best effort to the editorial works of Harbour Lights.

We have opportunities to learn the real cases of community services through the interviews with honorary advisors. Advisor Mr. Lee Chung Tak gave an insight for us to enhance the planning and organization of various projects. He pointed out that in order to achieve a sustainable social impact, community development projects should focus on the benefits of JC members as well as the benefits of participants. There is a common message from the advisor that establishing personal core values and human personality is important to the development of our members and our organization. Those valuable advices broadened our horizons.

Throughout the summer 2009, alongside with the challenges in daily lift, JC keep providing challenges and continuous training to the editor. Having the chance to write director report for national convention, editor knows that autumn is coming and the destination is near.

Take this opportunity, I would like to thank for the joint effort of our National President Senator Ken Wong, National General Legal Counsel Senator Timmy Lee, National Hon. Treasurer Carina Chuang, and helper Ms Wendy Kwan from CLJC. Of course, I would extend my heartfelt thanks to all chapter presidents, national officers and committee for their kind contributions to the fruitful content of our Harbour Lights.

# Message From National President

Dear Fellow Members,

Time really flies! We are already half way through 2009 with most of the activities planned in the beginning of the year smoothly implemented. I am glad that all the National Officers are maintaining a very high team spirit, with everyone well in position fulfilling our collective targets and striving for outstanding achievement within the JCI family.

Apart from the National Officers, all chapter presidents are performing to the best of their ability in exercising excellent leadership by guiding their board of directors and members to launch large-scale flagship projects, to participate in prominent training programs, to enjoy international events and to attend monthly fellowship gatherings. They are recognized as forerunners who have uplifted the positive image of JCI and promoted active citizenship to all youths of the Hong Kong society.

Under the umbrella of the InnoBreakthrough, a series of business projects including CEO Forum, Creative Young Entrepreneur Award, Best Business Plan Competition and Business Trip to China, were organized in the second quarter of the year for arousing members' interest in commerce, extending members' business network and promoting entrepreneurship to the general public.

I sincerely invite you to exercise your rights and enjoy the privileges to participate in the 44th National Convention of Junior Chamber International Hong Kong that will happen in less than a month's time. National Convention has always been one of the most highlighted and important event throughout the JC calendar year. With 3 days of compact and yet splendid national events, the National Board of Directors will report and evaluate progress and achievements of the past year. It is a golden opportunity for members to appraise past works done and explore future directions to further develop our beloved organization. Moreover, being a sizable and well organized youth organization in Hong Kong, we have democratic procedures to constitute future leaders to carry on with the JC movement. Candidates of 2010 National President and Board of Directors will therefore meet all members and be elected after formal caucus and election sessions. Under the capable leadership of Convention Director Senator Karen Fong and her fine team of organizing committee members, I have every confidence that the 44th National Convention hosted by Harbour Junior Chamber will be both fruitful and remarkable in the history of Junior Chamber International Hong Kong!

The JCI World Congress 2009 will take place in Hammamet of Tunisia between 16th and 21st November 2009. We are expecting an attendance of more than ten thousands of delegates will come from all over the World. It will be an excellent opportunity for you to take part in formal and large-scale international conference and to experience the kind of distinctive internationalism that JCI has to offer. You will be overwhelmed by formal assemblies to meet our JCI leaders; international parties for fun and enjoyment; trade shows for business extension; award presentations to recognize outstanding achievements and the World Ten Outstanding Young Persons; prominent seminars, lectures and workshops for leadership development; general assembly sessions for the election of World President and International Officers and much more. Most of all, you will see the passion, creativity and inspiration of our beloved dynamic organization – Junior Chamber International. For visitors alike Hammamet is another world for vacations. Its ritual of sun bathing on spotless beaches, gasp of cool water on bronzed skin, romantic dinner on patio of beachfront hotels, relaxing midnight swims, restless discos and parties, and the beautiful sun rise in the mirror of the sea are only a glimpse of what we can do. The Gulf of Hammamet shelters miles of fine sandy beaches, sparkling seas and modern hotels dedicated to the comfort and well-being of their guests, where, a variety of sea sports, folklore, exhibitions, festivals and amusements are awaiting us for a memorable JCI World Congress.

Being recognized by the Hong Kong society as the highest achievement of a young person below 40 years of age, the Ten Outstanding Young Persons Selection 2009 has once again caught the attention from the general public. With a dedicated team of project committee members, we have successfully solicited sponsorship from the I-Sky Group under the leadership of project chairman Senator KK Cheung. Together with great support from the Selection Consultant Deloitte Touche Tohmatsu and the prominent panel of judges headed by The Honorable C Y Leung, GBS, JP, we are going to conduct a righteous selection for formal recognitions to the young people who excel in professional endeavors, public services and personal achievements.

JC members not only target ourselves to be the pioneer in the technological and economic development of Hong Kong, but also get ready ourselves to participate in dealing with the challenges of mankind. Therefore, we have introduced the Millennium Dream Project aiming to promote the United Nations Millennium Development Goals and Global Compacts. Through launching of this project, we are going to reward individuals, companies and NGOs who had outstanding achievements and contributions towards these goals. On the other hand, we have launched chartership program to arouse public awareness on these goals, and to encourage more participation from the private sectors for these goals.

Being the 2009 National President of JCIHK is indeed a kind of prestige and honor. Although my daily schedule is exceptionally tight this year, I believe my self-confidence has grown everyday through valuable experiences that enable me to become a true leader of our society and of JCI!

## Committee on the Promotion of Civic Education

**What motivates you to dedicate yourself to serve the community?**

After I came back from overseas study in the 80s, I learnt more about the society and the people and I began to have my own thinking on community affairs. I then developed a sense of commitment to care about the society and the development of our next generation. In the 90s, I had numerous opportunities and support through working with voluntary organizations to serve the community continuously.

From 2000 onwards, I have been dedicating my time to serve the community through setting up related committees and to support cooperating organizations to make long term contribution to the society, for example, through development of Social Enterprise, supporting school and elderly services. The ongoing search for innovative ideas for serving the community motivates me to continue the work.

**JCI is trying to encourage local organizations to support the United Nations Millennium Development Goals. How do you think members in HK can contribute to work towards the goals effectively?**

Firstly, members need to identify the strengths of their organization and then set up ways to support the UNMDGs by either promotion, education, reaction etc. In designing the projects, it is especially important for members to choose carefully the target group being served and what they can gain from the events. They must also think how the projects can have long lasting positive change and deep impact on the society.

**What is your opinion on the effectiveness of our projects on civic education? How can they be improved?**

Secondly, young leaders need to identify the core values of their organization and prioritize and balance them. For example, JC core values are to provide members with opportunities for individual development and to serve the community and thus members must make use of the opportunities to equip themselves and enhance their abilities as well as considering how others can be benefited through launching projects. This is similar to the civic education works in which one must help others to identify their core values.

At the same time, the ultimate objective of the projects is to let members to identify the core values of the service and to establish their attitudes for community care and not just training them about protocols and skills. Members will get satisfaction from doing a good job and will initiate themselves to care about others and our next generation.

The success of a project is not just about achieving the goal but also allowing the participants to experience the core values behind the activities. The project itself must have goals and directions that are well recognised by the public. Members should seek for values that shared by our societies and advertised the projects accordingly without disturbing social harmony.

本會祖國事務組別於四月舉辦的探訪全國青年聯合會暨國情研習班北京之行，探訪國務院港澳事務辦公室、中國人政治協商會議及國情研習班等，很榮幸能邀請到全國人大代表王敏剛太平紳士為探訪團之顧問。團員歸來聯同董事局拜會王顧問，分享行程所得及懇請賜教。

王敏剛顧問稱讚青商是次交流活動，會員表現成熟、認真、有所準備，訪問多元化且交流程度深入。王顧問亦鼓勵各位青年朋友們，學習國情能擴闊世界視野。青年人在青壯年紀要有清晰定位，裝備好自己隨時以中國人的精神面貌面對世界。

回應本會祖國事務發展方向時，王顧問道今日很多中國人經濟上已達到了小康，我們有責任對國情有效全面的掌握。如中國西部十二省份約佔全國六成版圖，人口約佔全國兩成，我們香港青年人所知的有多少？而藏地約佔全國四份之一地界，最近各國關注的西藏問題，我們能掌握的資訊有多全面呢？祖國國情實在值得我們關心。

其實中央對藏地三十多個少數民族的管治政策有如大禹治水，講求民族融和。回看歷史，漢文化與藏地本土文化早已發展出其獨特風貌，將來發展如何，且看我們年青一代對貢獻祖國的熱情。

王顧問亦分享他參與祖國事務的歷程。他早年於外國大學畢業，對國家民族意識相對效低。始於1968-69年間，民主運動深入美國大學及社會，美國人反越戰，中國人關注保釣，令自己感染到國民意識。

於1978年，新華社在香港推廣開放改革，開始有機會隨團上京見中央領導。當時前人大副委員長廖承志先生接見訪問團時，關心到如何為祖國的四個現代化做點工作，此後團員推動香港培華教育基金成立，期望各界有心人聯手為祖國建設培養人才。又於1984-85年間，北京領導開始邀請香港青年加入全青聯，成員由全國三億五千萬人中挑選十至二十位精英參加，能成為其中一份子感覺地位頗崇高，且得到很多學習機會。

青年人可透過青商參與祖國事務開放視野，各位要把握機會積極參與。最近王顧問正籌備一個名為“給我十二天，還我二千年”的國情交流團，正是帶著同樣目標為青年人擴闊國際視野。

# Interview with JCI Vice President Senator James Tsui

**Can you share with us your experience and special encounters of working at JCI level?**

The objective of JCI is to encourage members to understand the importance of active citizenship through participation in projects that serve the community and ultimately help to bring a better world. JCI has realized that some of the JCI local organizations have not quite focused on working towards this mission. The JCI theme this year is 'Global Impact through Local Action' and we are working hard to encourage national and local organizations to engage in projects that achieve this.

JCI is currently launching a project called "Nothing but Nets" which aims to raise fund to purchase 1 million mosquitoes nets for affected areas in Africa to fight against malaria. Before I became the JCI VP, my focus was on projects at the local level. Being involved with JC work at the international level, I feel my world vision was broadened and my responsibility for the betterment of the society was also strengthened.

In order to facilitates NOMs and LOMs to devise quality projects to support this theme, JCI provides training kits for them to hold projects like JCI Admin, CSR training, Best Business Plan and Public Speaking Competition etc.

As a JCI VP, I am honoured to have the chance to meet with heads of Governments including the Prime Minister of Japan, Aso Taro and the President of Taiwan, Ma Ying-jeou. I also had the opportunities to speak formally in the public in various countries and received the unexpectedly warm welcome from national organizations in remote areas.

**What kind of projects that are being launched by other National Organisations outside HK in supporting the UNMDGs?**

For examples, in supporting the UNMDGs for achieving universal primary education, JCI Philippines has projects for donation of books to children in rural areas. JCI Japan also has launched different projects for the continuous education of local children.

**What characteristics do you think that a 'Global leader' must have?**

Having been to JCI activities in various countries, I noted that global leaders from different areas all hold their own viewpoints and they have their own thinking on matters. They possess good public speaking skills and can make unique and structured speech that can touch the heart of the audience.

**How do you think young people can upgrade themselves by exploring the JC international network?**

I recommend members to fully utilize the opportunities to attend international conferences, this is not just merely a tour to the country but an opportunity for members to develop intimate friendship with JC members worldwide and to gain valuable international exposure through attending events like the General Assembly, Open forum etc.

**How do you balance your daily life and your voluntary work?**

In order to achieve a good work-life balance, the key is to prioritize. For me, caring for my family is the most important duty and I will try my best to coordinate with my family to spend time with them and make arrangement for voluntary works. Taking control of work-life balance can restore harmony to one's life and to be better in the society. I strongly recommend members to take opportunities to get involved with JC before the age of 40. One must act to experience what the spirits of Jaycees truly mean.

# JCI Asia Pacific Area Conference 2009

The Asia-Pacific Conference 2009 (ASPAC) was successfully hosted by Nagano Junior Chamber, JCI Japan between Jun 4 to Jun 7. Although the double impact by economic tsunami and H1N1 spine flu, we JCIHK, being the third biggest delegation, we have more than 150 members attended this event. Together with the active participation of JCI members from other countries, the total number of participants in ASPAC this year reached approximately 9000.

On the first day of the conference, an opening ceremony was held at M-WAVE, Nagano Olympic Memorial Arena. On the night before the ceremony, JCI members from all over the Asian regions had already gathered outside the arena, eagerly looking forward to the commencement of this annual grand occasion. In order to distinguish ourselves from members of other regions and demonstrate our team spirit, JCI Hong Kong specially designed an eye-catching bright red uniform for the delegates. This made JCI Hong Kong a conspicuous group inside the spacious arena, imprinting an impressive image in everyone's memory.

Entering into the magnificent main hall, everyone was filling with extreme excitement. Before the participants could settle down and be seated, the hall went into darkness all out of a sudden, which was obviously arranged by the organizer on purpose. As a piece of forceful music was started to play, the audiences gradually got back to their seats, silently awaiting the commencement of the opening ceremony. At this moment, some spotlight was turned on and focused on a Taiko Drum Master at the centre on the stage, the powerful rhythms of his drum beat captured the emotion of very single audience inside the hall – ASPAC 2009 was officially commenced.

On the second day of ASPAC, our organizing committee was busily engaged in the preparation work of the "Hong Kong Night", aiming to transform every bit of the hard work we did in Hong Kong into a wonderful evening. After some on-site arrangement and within a fairly short period of time, the overall setting was completed. Despite of some unanticipated variables, everything was remained under our control. In the suit of the program officer of the "Hong Kong Night", I found the outcome we achieved was actually even more satisfactory than what I and the Chairman had envisaged. Witnessing the fruitful results obtained after the effort we paid, I had no regret that I painstakingly renewed my passport within one day and flew over on a mid-night plane. After a night of joy and laughter, every of our guests did enjoy very much. Every piece of their smiling faces brought us tremendous encouragement for all the hard work we did.

Following that was the "Japan Night", with the strong man-power, the Japan JCI had called in a large scale of local JCI members and utilized their abundant resources so as to create a spectacular scene. Inside the venue, there were countless booths of food and games, at the same time, some marvelous song and dance performances were played continually on the stage throughout the evening. In order to be able to visit all the booths, the guests had to speed up their steps besides enjoying the hospitality of the booth attendants.

The awards presentation ceremony was scheduled in the evening on the third day, in which the results of the effort paid by the JCI members in the previous year were ultimately announced. Not surprisingly, Japan, the host country of ASPAC, won most of the awards.

The closing ceremony on the last day of ASPAC could be described as a glamorous night with everyone was dressed up beautifully and dazzlingly. At the ceremony, the words of a passionate and inspiring speech delivered by the Chairman of the ASPAC organizing committee Boydee Dizon, touched the hearts of numerous audiences who all stood up and applauded for him.

Finally, ASPAC which was beyond our expectation was declared closed. The ending of such a memorial event has, however, brought a little sadness to the Hong Kong organizing committee. ASPAC could be held successfully, credits should be given to every member who had given support and effort for making this ASPAC trip in Nagano a perfect one.

# Build A Better World 2015

In adopting the Millennium Declaration in the year 2000, the international community pledged to "spare no effort to free our fellow men, women and children from the abject and dehumanizing conditions of extreme poverty." We are now more than halfway towards the target date – 2015 – by which the Millennium Development Goals are to be achieved. The MDGs encapsulate the development aspirations of the world as a whole. But they are not only development objectives; they encompass universally accepted human values and rights such as freedom from hunger, the right to basic education, the right to health and a responsibility to future generations. We have made important progress towards all eight goals, but we are not on track to fulfil our commitments.

Looking ahead to year 2015 and beyond, there is no question that we can achieve the overarching goal: we can put an end to poverty. In almost all instances, experience has demonstrated the validity of earlier agreements on the way forward; in other words, we know what to do. But it requires an unswerving, collective, long-term effort. Time has been lost. We have wasted opportunities and face additional challenges, making the task ahead more difficult. It is now our responsibility to make up lost ground – and to put all countries, together, firmly on track towards a more prosperous, sustainable and equitable world.

Ban Ki-moon
Secretary-General, United Nations
From The Millennium Development Goals Report 2008

**In 2009, JCIHK** launch The Millennium Dream Project which promote the Millennium Development Goals to the public in Hong Kong and give formal recognitions to those organizations / companies that are having great contributions for the betterment of our society and to the world towards these goals.

**The Millennium Development Goals** can be achieved if immediate steps are taken to implement existing commitments. Reaching our goals for development around the world is not only vital to building better, healthier and decent lives for millions of people, it is also essential to building enduring global peace and security.

- Eradicate extreme poverty and hunger — 消除赤貧與飢餓
- Improve maternal health — 增進孕婦健康
- Achieve universal primary education — 普及初等教育
- Combat HIV / AIDS, malaria and other diseases — 對抗愛滋、瘧疾與其他疾病
- Promote gender equality and empower women — 促進性別平等與賦予女性權力
- Ensure environmental sustainability — 確保環境可持續發展能力
- Reduce child mortality — 降低兒童死亡率
- Develop a global partnership for development — 促進全球合作攜手發展

**Develop a global partnership for development**
**In cooperation with the private sector, make available the benefits of new technologies — especially information and communications technologies.**

- **Develop further an open trading and financial system that is rule-based, predictable and non-discriminatory. Includes a commitment to good governance, development and poverty reduction — nationally and internationally;**
- **Address the least developed countries' special needs. This includes tariff- and quota-free access for their exports; enhanced debt relief for heavily indebted poor countries; cancellation of official bilateral debt; and more generous official development assistance for countries committed to poverty reduction;**
- **Address the special needs of landlocked and small island developing States;**
- **Deal comprehensively with developing countries' debt problems through national and international measures to make debt sustainable in the long term;**
- **In cooperation with the developing countries, develop decent and productive work for youth;**
- **In cooperation with pharmaceutical companies, provide access to affordable essential drugs in developing countries;**

Ours is the generation that can achieve the development goals and free our fellow men, women and children from the abject and dehumanizing conditions of extreme poverty.

In this context, the world is making progress toward the UN-MDG, but it is uneven and too slow. A large majority of nations will reach the UNMDG only if they get substantial support – advocacy, expertise and resources - from outside sources, such as Non-Governmental Organizations (NGOs) like JCI.

**Together with all JC members, we should take action to make a better world and improve our quality of life. Please support THE MILLENNIUM DREAM PROJECT! !**

The Millennium Dream Project Kick Off ceremony was successfully held in Time Square on 17 Jun 2009. More than 50,000 of people saw the details of the UNMDG in the Kick off ceremony and 5 days Exhibition in Causeway Bay Time Square.

# Recruitment Seminar 2 - Magic of Communication

The global economic downturn has made 2009 a very challenging year. As we are facing more and more issues and challenges in the New Era, it is necessary for us to enhance our interpersonal relationships and communication skills to keep up with the competitiveness. In light of this, Recruitment Seminar 2 - "Magic of Communication" was held on July 30 (Thursday) at The Boys' and Girls' Clubs Association of Hong Kong by Victoria Junior Chamber and Sha Tin Junior Chamber, co-organized by the University of Hong Kong Management Alumni Society and supported by The Hong Kong University of Science and Technology MBA Alumni Association.

We were honored to invite Mr. John Chan, GBS, JP (Chairman of The Hong Kong Jockey Club) and Ms. Ellen Tsang (2005 National President of JCIHK) as our guest speakers who shared their experiences with more than 200 participants on that evening. With years of experience in various government and public services appointments, Mr. Chan and Ms. Tsang shared their insightful views on how to use the "Magic of Communication" to be standing out among our peer group as the way to our success !

"H1N1" didn't stop Senior Members from going to ASPAC. In fact, we forgot to wear our face mask soon after we left the plane. The beautiful "Hot Spring" side trip for the Senior Members was so relaxing. Unfortunately, I couldn't show any pictures of members inside the hot spring because everyone was nude!

Besides, Senior Members Golf Tournament was held at 濤景高爾夫渡假村 on 25-26 Apr 09. It was pouring with rain and thundering when members gathered at Shenzhen in the morning of 25th Apr. However, when we arrived at the golf course, the weather went fine! Amazing! Participants include members from VJC, CJC, PJC and HKJTT. We all had a great time!

Celebrated Macau JC's 25th Anniversary evening of 27 Jun at the very grand MGM, Macau. Right after dinner, we went across the boarder and spent a night in Shengzhen. We went to 高大俠's restaurant in Punyu for lunch, a famous chef who prepared a delicious meal for us!

## 「創意求新　品牌求生」innoBrand 2009 圓桌論壇

由本會主辦，香港品牌發展局協辦的innoBrand　2009，於6月27日下午三時於中華廠商會會議廳舉行圓桌論壇，香港設計師協會榮譽顧問吳秋全先生以主持身份歡迎嘉賓，並簡介活動主題「圓桌再現英雄，智慧匯聚其中」，由此揭開論壇序幕。

各嘉賓妙語連珠，先後環繞創意品牌、創意與營銷及品牌管理展開討論，香港商機創辦人及行政總裁李根興先生認為：「我們應先談創業，後談創意」。藝高亞太有限公司董事總經理邱季良先生則認為：「創意講求貼身」，k-matrix創辦人行政總裁李志雄先生亦補充謂：「創新也要切合客戶當時需要，講求天時、地利、人和，三者配合才能轉化為商機。」

嘉賓主持吳秋全先生介紹各分享嘉賓

談及創意營銷時，香港城市大學市場營銷學系一級導師林立堅博士不忘指出「創意視乎行業與產品」。由於在座嘉賓見解獨到，令觀眾情緒持續高漲，Shoegirl創辦人張蕙然小姐更於問答環節反客為主，向香港理工大學設計學院副院長李德志教授提問，李教授回應指「由於外國的設計行業競爭較大，設計師需要標榜自己，香港則較為務實，其實本地的設計業有很大空間。」

是次頒獎典禮將會在八月八日中華廠商會會議廳舉行，歡迎各界人士參加。

A Memorable Event - JC Sports Day on May 1

"Dong, dong, dong…"Our JC Sports Day began when the ringing sound of the bell filled every corner of the sports ground. With joyful heart, over 150 members from all chapters and NOM participated in the sports day. They raced in track and field events of different sorts, cheered for the participants, and chatted with their friends, and of course, our OCs dashed around for all preparations. The sports ground was alive with laughter of all members. In everyone's mind, JC Sports Day is not a competing event among chapters, instead, it is a chance to bring together all JC family members for friendship.

This year, we have a special feature for the event. About 100 youth delegates from the Guangxi and Ningxia minorities, who came to Hong Kong to attend a youth exchange program under the theme of "Me and My Fatherland", joined us in the Sports Day. They participated in the relays and recreational games. We were all impressed by their unity and fitness. Lastly, we were also glad that the day provided us with an opportunity to get to know and understand in each other in a special kind of cultural exchange.

The Path to Shine

*"I'm attracted to people who make this effort in knowing what suits them - they are individual and stylish."*

*-Vivienne Westwood*

Business Professional S.O.S. series was probably one of the best opportunities in 2009 to make your dreams come true. In this series, one could brush up her skills of dressing professionally, getting the tips of living a better life and knowing your beautiful self better. It consisted of 3 special workshops: Looking Good - The Magical Wardrobe by Ms Priscilla Chan of P.C. Image Consulting; Feeling Good - A Lifestyle on your Wish List by Mr Kenneth Li of Press Mark Holding Limited and Doing Good - Secrets of your best self by the former i-banker Mr Stephen Wong, which were held on 21/4, 23/5 and 20/6 respectively and had achieved great feedback from both the internal and external audience.

The series was completed with a beautiful finish with the remarks of National President Senator Ken, who dropped by our 3rd workshop with National Executive Vice President Senator Benny and Senator Gene, as well as National Vice President Stanley. With the great effort of the OC team, the series has successfully helped to shape the stylish and sensible individuals that Vivienne Westwood adored and get them better prepared for the challenging future.

No matter how demanding and challenging life could be, we believe that all of us can overcome them and succeed if we have a clear goal and a never give up mindset.

This year, our chapter's 2 – day overnight signature project "Success Training" was completed successfully. It was held on 2nd & 3rd May, 2009 at Hong Kong Baptist Assembly with 25 participants.

This training camp aimed at helping participants to set their goals right now and to find a way to achieve them. We were glad to have five experienced trainers (our Past President Senator Paul Chan and Petrus Yung, Training Development Committee Chairman Thomas Kwan and two guest trainers from Lion Rock Junior Chamber, Ms. Beatrice Kwong and Lydia Chiu) to lead this training. Through their well-designed activities, both indoor and outdoor, as well as practical concepts and interactive games, our participants recognized their strength and weakness and discovered their true self image again.

We hoped this wonderful training camp could carry on so that more participants have positive change in their life including you! Seeing you next year!!!

## 城市青年商會廿八周年會慶

今年會慶反應熱烈，來賀的青商會友來自世界各地，單單三個姐妹會已經有數十多青商好友。各分會會長，青商好友等紛紛來賀，加上董事會成員及城市會友等都爭相出席，令會慶當晚座無虛席，更難得我們邀得嘉賓包括中聯辦代表、國際青年商會世界會長、世界副會長、香港總會會長、澳門總會會長、台灣總會會長、新加坡總會會長、本會永遠名譽會長、國際青年商會捐助人Dato Dr. Tan等，令場面更頂盛。正如世界總會會長所說，城市青年商會會慶就像是個亞太大會，得到各地各會會友到賀！

當晚許多嘉賓對會慶當晚的藝術主題甚為讚賞，我們一鼓作氣以鼓藝表演打頭陣演出，接著又有各貴賓為我們會慶致詞和祝酒，大家表現雀躍氣氛歡欣，最後我們更以會友兼專業音樂人張佳添為我會所作的會慶歌，把整個會慶推至高潮。就如會慶歌的歌詞所說同歡唱齊慶賀，大家一邊唱歌，一邊把酒談天，人人盡慶而歸。加上當晚酒會時為大家安排的人像速畫、織草蜢、麵粉公仔等民間藝術，令二百多名來賀的嘉賓都帶著很多美好回憶盡慶而歸。僅此祝願城市青年商會百尺竿頭，更進一步。

## On-To-Nagano, JCI ASPAC

Members of Queensway who joined the ASPAC Japan Nagano are still intoxicated with Free beers, Soba, Japanese culture, amazing Hong Kong night and wonderful training...etc.

However, the Queensway's footprint has not been stopped since return from ASPAC Japan Nagano. First of all, our Honorary Secretary Amy Tin has been qualified as JCI trainer.

Our second training project, "IN SEARCH OF EXCELLENCE" TRAINING PROGRAM SERIES 2" has been successfully held on 22 June, we are honored to invite our Publication Advisor Mr. Joseph Lee to be our guest speaker on the topic of using different software for graphic design in publications. All the participants appreciate the talk and suggested that this workshop is very useful. We are here to thank you project chairlady Amanda Kwok, and her OC team.

Is there any big cake for Queensway 25th Anniversary? The answer is absolutely YES! Chocolate, eggs, strawberries, jelly, cream and flour, were over the table. We all enjoyed a wonderful night on 27thJune, QJC MFG for cake making. The event was very successful with a full house of 32 participants. We enjoyed the cake making process with our members and new friends. The kitchen was full of smell from sweet and sweat. We played, laughed, being naughty, and finally, we all have successfully made our own beautiful cake. Congratulations! And Happy Birthday to Queensway!

## 北區青年商會六月份月會暨青商簡介會II - 十大傑出青年選舉的誕生

六月份北區青年商會舉辦了本年度的第二次青商簡介會，邀請了總會執行副會長及2008年十大傑出青年選舉籌委會主席林君量參議員為主講嘉賓，及專業評酒師莊偉文先生為我們介紹多種享負盛名的紅白酒，當晚合共有超過四十位會友出席。

會友們在維港美景下，品嘗美酒佳餚之餘，更可細聽總會執行副會長為我們講解十大傑出青年選舉背後的種種故事，十傑選舉目的是表揚在工作上具卓越成就及對社會有貢獻的青年，藉以鼓勵青年人積極參與社會服務，從而使他們改善社會，而擔當更重要的責任。

在分享後總會執行副會長更與個別新朋友聊天，他豐富經驗的分享亦吸引了五位新朋友即場入會成為準會員。

## Be Better, Be a Star

為配合金融海嘯這全球性問題，浩洋青年商會今年特別舉辦「小企業大長征 — 中港日國際青年交流工作計劃」，選拔出10-15位介乎14-17歲之「小企業大長征香港大使」與來自中山及日本的青少年到日本交流及合作經營小店舖，並透過問卷調查及記者招待會等活動，探討國際金融海嘯對三地青少年的啟示，並讓我們檢討如何教育下一代有關「財富」的價值觀。

同時，我們亦舉辦了小企業大長征分享篇作為本工作計劃的一個里程碑。兩場分享篇出席人數約有200人。我們非常感謝知名企業家，德國寶創辦人陳國民博士、MAKEUP FOREVER ACADEMY的創辦人楊慧君女士和加州紅集團管治委員會成員文善進先生為我們分享有關創業，建立品牌和逆市擴展的經驗。

小企業大長征 — 自5月初開始報名以來，至今已收到來20多間學校，超過240人報名！起初，我們籌委會成員都担心報名情況。於是，我們四出宣傳，主動聯絡全港學校，支持機構及宣傳媒體。經過我們一番的努力，終於有令人喜出望外的成果。十五名「小企業大長征香港大使」於七月三十日至八月三日到日本與來自中山及日本的青少年交流及合作經營小店舖，預祝她們順利完成同時可以學以致用，傳揚正確「財富」的價值觀。

大家可透過以下網頁回顧「小企業大長征」的花絮：

## Love of the Earth 2009 – Ecotour

Chinese White Dolphins are well-known for their scarcity and you may or may not be lucky enough to meet them when you go about looking for them. We were surrounded by uncertainty when around 70 of us set off on an Ecotour for Tai O on Sunday, 21 June 2009, which was expounded due to inclement weather conditions. During our boat trip to Tai O, we saw rubbish on the open sea and felt stuffiness in the air flowing from Shekou, Shenzhen. These sorts of damages to the ecological environment and climate change have harmful effects such as making the salt fields at Tai O unrecoverable.

Our tour guide, TOYP Awardee Mr. Ken Ching, is an expert in ecological preservation. He gave us a succinct introduction to the damages done to the environment by humans and the resulting effects. Backed by his confidence that it would be difficult for us not to see the dolphins, we waited all morning without a sign. Ken assured that following fishing boats would lead us to dolphins which tend to trail behind them. At last we were thrilled to witness this innocent creature! We should protect the ecological environment to ensure that these dolphins continue to thrive!!

## 第五屆中華兒女 -「給國家主席的信」

為響應聯合國千禧發展目標計劃，本年度第五屆「中華兒女」的主題為「給國家主席的信」，藉著這次徵文比賽，讓香港學生們有機會向國家主席提出建議，改善山區兒童的學習環境，希望將來祖國可以出現他們筆下的夢想校園；並讓香港學生把關心及愛心送給在祖國的山區兒童，鼓勵他們，讓他們能在自己構思的“理想校園”裏學習。

本屆「中華兒女」，我們邀請到中聯辦青年工作部部長韓淑霞女士及教育局副局長陳維安先生為主禮嘉賓，並得到著名影視創作人高志森先生擔任寫作顧問及評審，演藝人高皓正先生為中華兒女大使。已收到的參賽作品超過一千六百份，在一封封給主席的信中，看到學生們對祖國同胞的愛心，對國家領導的信任，對未來的盼望，小小構思，無限創意。期盼這一份的心意可以寄送到主席手中，“理想校園”很快可以遍佈祖國大地。

## 歡笑無限　笑聲抗疫

天氣陰晴不定、金融海嘯、人類豬型流感，各種挑戰都擋不住一眾城市姊妹的歡樂笑聲。原訂於五月底舉行的《小手愛地球》磅重儀式，因天雨關係取消，得贊助機構的支持，暫定延期至11月初舉行。雖然面對種種挑戰，依然無損姊妹對活動的熱誠和信心。

一年一度亞太大會，今年共有13位城市姊妹參與，積極參加不同的工作坊，學習與娛樂同時進行。

在剛過去的6月份月會「焗出個未來」，我們很高興邀得1985年香港小姐冠軍謝寧小姐，與我們分享如何將興趣化作事業，女性的特質如何成為創業路上的幫助，並坦言「女人其實很可愛」！十分友善的謝寧小姐還於晚宴裡與一眾姊妹同樂，分享一個笑聲連連的晚上。
