

Message from National President

During the second half of my presidential year, I have much pleasure in witnessing the successful hosting of the many meaningful projects by different local chapters. Experienced as much as many other distinguished Guest of Honors of your projects, I was much impressed by your unlimited creativity, quality performance and enduring ability to face the many challenges in launching the projects. I can see your enthusiasm and willingness to serve the community, to promote UNMDGs and most of all, your passion to be future leaders of our society. I am so proud of you and the glory is yours!

Message from National President Elect

Thank you! Thank you so much for the encouragement and support throughout our election campaign!

It was a wonderful experience for all the 2010 National Officers to share our visions with the members especially during the Caucus Session! Year 2010 is a special year for all of us that we shall celebrate the 60th Anniversary for Junior Chamber International Hong Kong and brings our beloved organization to its new heights.

We will celebrate our anniversary with a series of events in early May during JC Week as well as enhancing our UNMDG project, External Training to Youth in Hong Kong and Bridging the World through JCIHK. Without your support, we are not able to achieve all the goals!

We are here NOT just to hold an office, but to gather you to transform our organization.

We want to win that next battle – for membership and better projects.

We want to win that next battle – for a more well known JCIHK.

We want to take up the unfinished business of perfecting our organization, and building a better world. Together, starting today, let us accomplish the work that needs to be done, and usher in a new birth of JCIHK!

Be Proud. Be Leader. Be JC. Let us all work hand in hand for the betterment of JCIHK and bring the pride to our organization and members!

Every year, President Academy (PA) is the 1st Milestone of Leading Journey for all JCIHK NOM and LOM leaders. This year, we have 13 NOM candidates and 28 LOM candidates attended. They are here to get well prepared for their leading in 2010, 60th Anniversary of JCIHK. They are all confident, motivated and possess strong desire to lead!

The theme of 2009 PA is "Best of the Best Challenge". All our participants are "Best of the Best" candidates and they deserve "Best of the Best" training, for them to deliver "Best of the Best" Commitment for their fellow JC members!

The fruitful and insightful sharing delivered by our passionate Coaching team definitely influences the momentum and leading direction of our upcoming JC leaders, thereby creating "Positive Change" & Strong motivation on them! Also, the inspiring & creative team presentations from participants gave lots of insight on how we can improve on our beloved JCIHK! Besides, their motivation pledge really sparkles the fire from all our hearts! That moment is historical, emotional and unforgettable!

As a successful leader, participants demonstrate how to "sit down to listen" and "stand up to lead". Input in 2009 will become the output in 2010. The success of 2009 PA signifies the success of 2010 JCIHK!

Message from Editor

Winter has arrived at stealth. It felt like only yesterday when I took the position of National Publication Director. Editor received continuous challenges during the editorial work of every issue of Harbour Lights. The overwhelming calm that comes after hurdles through the line of life and death is the most precious of all. Glad to share with all the readers that editor got the individual award in 44th National Convention with the glory of Harbour Lights. Take this opportunity, I would like to thank for the joint effort of all chapter presidents, national officers and committee for their kind contributions to the fruitful content of our Harbour Lights.
