Message From Editor

In the course of editing Harbour Lights, I have chance to further realize the meaning of JCI Creed from various source of information. Since we believe our dedication to JC movement gives meaning and purpose to human life, national and local chapters have launched their flagship projects to provide training opportunities for members to achieve positive change. In community development area, we promote United Nations Millennium Development Goals to the society for brotherhood of man transcends the sovereignty of nations.

During the interviews with honorary advisors, I learnt the real cases that service to humanity is the best work of life. Dr Pang who is expert in civil education area, shared his views with our JC members on the qualities of worldwide leaders, and importance of establishing personal core values and human personality. Advisor TAM Yiu Chung gave an insight for us to enhance the leadership training program. Advisor Wong Man Kong shared his interesting experience on cultural exchange programs all around mainland. Valuable advices from our honorary advisors broaden our horizons.

May I take this opportunity to thank chapter presidents, national officers and committee for their kind contributions to the fruitful content of our Harbour Lights. Last but not the least, joint effort of our National President Senator Ken Wong, National General Legal Counsel Senator Timmy Lee, National Hon. Treasurer Carina Chuang, and helpers namely Senator Lawrence Hui from YLJC; Florence Lau from BJC; Stanley Lui, Karl Wong, Steve Siu from CJC and Wendy Kwan from CLJC are very important for the task. During the editorial work, I am able to recognize the meaning of my favorite song "You will never walk alone".

Message From National President

Dear Fellow Members,

I have encountered great challenges and gained memorable experiences for being the National President of JCIHK in the first quarter of my presidential year.

With a total attendance of almost 500 at the magnificent JCIHK Inaugural Ball held at the beginning of the year, we were very honored for the presence of many distinguished guests from near and afar. Some of them are global leaders from overseas, and others are outstanding leaders of our society. Most importantly, the inaugural ceremony was witnessed by Deputy Director of the Liaison Office of the Central People's Government in the HKSAR, Mr. Wang Zhi Min, and the JCI President, Mr. Jun Sup Shin. All National and Local Chapter Officers were inspired by such a solemn moment of crowning glory, and have no hesitation in taking up the roles and responsibilities to carry on with the JC movement for JCIHK in 2009.

Soon after the inauguration, I have started my journey as National President to promote JCIHK both locally and internationally. Locally, we have paid courtesy visits to our honorary life president Mr. A de O Sales, GBM, JP and our honorary advisers including Mr. Tsang Yok Sing, GBS, JP, President of the Legislative Council, Mrs. Rita Fan, GBM, GBS, JP, Mr. C Y Leung, GBS, JP, Mr. Tam Yiu Chung, GBS, JP, Mr. Peter M K Wong, BBS, JP, and Dr. Pang King Chee, MH. Internationally, we have attended the Kyoto Conference of JCI Japan, the Inauguration of JCI Macau and the APDC Meeting and the JCI ASPAC Senate Golf Competition held in Kaohsiung, Taiwan. We have met Mr. Taro Aso, the Prime Minister of Japan and most of the JCI superiors including National Presidents from Japan, Korea and Taiwan during these visits. At the same time, courtesy lunches were arranged for government officials, the liaison office of PRC and JCIHK officers with a purpose of extending our relationship and exchanging ideas on current issues.

Being one of the most important bridges of economic and cultural exchanges between our motherland China and the global arena, we have organized a number of joint events with some Chinese local governments including those of Jilin Province (吉林省), Guangxi province (廣西省) and Ningxia province (寧夏省). Through these events, members of JCIHK were able to get connected to our motherland by meeting people, gaining information and acquiring knowledge of these local communities thereby extending our service and business networks to the mainland. Moreover, we had organized national studies classes during our visit to the All China Youth Federation in Beijing. These classes widely covered the Chinese law, government organization structure, government policy, crisis management, current financial and economics analysis, etc. They have greatly broadened the point of view and enhanced the mindset of our members. Taking this advantage and knowledge, we can further promote our country to our international encounters.

The presidential theme for this year is "JC Members Global Leaders". We encourage Local Chapters to add value to their flagship projects with the elements of the United National Millennium Development Goals (UNMDGs), especially on the second goal "Achieve Universal Primary Education" ensuring that, by 2015, children everywhere, boys and girls alike, will be able to complete a full course of primary schooling. We are grateful that different countries are focusing on this goal worldwide, and are proud that China have achieved outstanding performance in the realization of this goal. On the other hand, the seventh goal "Ensure Environmental Sustainability" is one of the most difficult and complicated issue that concerns every individual on this planet. Apart from integrating the principles of sustainable development into government policies and programmes, each and every individual can certainly help reducing the loss of environmental resources, limiting the pollutants emission and hence minimizing the effects of climate changes, rising water level, global warming and ozone damages, by living a green lifestyle. Taking this opportunity, I would like to thank all Local Chapters who have implemented the UNMDGs elements into their projects arousing public awareness and reinforcing general understanding on these issues. Further to public awareness and general understanding, appropriate actions should be encouraged to remedy the current challenging situation and to create a better future for our next generations.

I would like to conclude that the first quarter of my presidential year was very fruitful and meaningful. We have put into practice and realized our plan as set at the beginning of the year. All the officers of National and Local Chapters have been performing in a good manner and in the right direction. We all have enjoyed being active citizens by contributing to the advancement of Hong Kong on both economics and social dimensions.

We are looking forward to attending the 2009 JCI Asia Pacific Conference in Nagano, Japan in early June. For sure it will be an excellent opportunity for members of JCIHK to meet some ten thousands delegates from all across the region.

Interview with the Honorary Advisor TAM Yiu Chung, GBS, JP

Would you please share with us the various challenges that you've encountered from your long and distinguished community service record?

It all started with the promoting of legislative agenda in New Territories West – an electoral district with more than two million people. I was essentially learning by working around and solving problems simultaneously as they surface. Thereafter, I was able to utilize the experience that I had accumulated, as well as the knowledge base built, to maintain a strong grasp on and overcome all upcoming challenges.

Upon becoming the Chairman of the largest political party in Hong Kong, I have set higher expectations for myself to advance further the inner quality and unity of our party members and, by so doing, our party's ideals and aims may effectively be channeled to the general public.

As far as long range planning and development are concerned, the government must take up an active leading role. Our main objective in the legislative process is not to oppose critically, but rather to propose suggestions that could improve the implementation of governmental policies. If the implementation process were to encounter any difficulties, then we would investigate the matter thoroughly in order to assist the government to come up with viable alternatives. We are moving ever closer to a globalized economy. Before any community service is to be carried out at the local level, the actual development and circumstances in the mainland would most certainly be taken into consideration. Although each JCI member is busy with work, it's important to participate and express your views in communal meetings and to seize any opportunity to serve our community.

JCI is in full support of United Nations Millennium Development Goals on Climate Change. In your view, what's the most effective method that JCI may adopt to further this cause?

Preservation of our environment has now become a truly global issue; whilst, at the same time, we all place an even heavier emphasis on preserving our own unique culture. Hong Kong's air quality is of everyone's particular concern. All sections of our greater community are quite apprehensive as to how this issue may become a source of social discord for our future generations. When organizing and carrying out your various activities, JCI members should focus more on the substance of key messages and how to channel them across clearly and effectively, rather than focusing on the form of their delivery. The recent "Earth Hour" campaign, for example, does not – relatively speaking – have much practical impact, but it sure did raise a great deal of public awareness.

In your opinion, what are the channels through which youth groups can participate in community activities?

There are a lot of apolitical youth group out there, or those that belong to such groups who believe they don't know much about politics. Perhaps it's more practical for them to participate in community activities, rather than political ones. At the pace that our community is developing, we are always in need of local talents to help us devise sound policies; this is one of the ways that we can all consider as serving our community. As far as participating in community activities is concerned, youth groups can continue to organize and carry out activities that deal with assisting the disadvantaged, promoting civility, caring for the elderly and preventing promiscuity and substance abuse among youth.

What could JCI do more effectively in terms of youth leadership training?

Take the DAB for example, we provide opportunities to our members to learn through active participation. We would encourage them to seize any opportunity to interact with other groups. We would then select our leaders from these exercises. An organization may build its own talent pool from its members and it should consider each member's interest and forte when assigning them tasks. Trainings can be conducted, say, via public speaking sessions, from which an organization could be able to identity capable spokespeople. Leadership training could be enhanced further with follow-up trainings, which, ideally, should be conducted in concert with mentorship programme.

Interview with the Honorary Advisor Dr Pang King Chee, MH

What motivates you to dedicate yourself to serve the community?

I believe, alongside work, one needs to take every opportunity to contribute to our community. This is the way to make one's life meaningful and fruitful.

In your viewpoint, how can we, as a JC Member, effectively live up to our theme this year, JC Members Global Leaders?

JCIHK first needs to promote its mission and vision to our citizens in HK and then commits its members to leading positions in the society. As global advancement cannot just be brought about by one or two leaders, all young people can make a start themselves and make contribution to their own countries and then to the world through the international network, building up their leadership abilities as they go along and then strive to become global citizens. (Reference: Committee on the Promotion of Civic Education"公民核心價值架構：1.確立積極人生、2.共建健康家庭、3.致力貢獻社會、4.履行國民責任、5.成就世界公民")

JCI has committed itself to support one of the UNMDGs: - Ensure Environmental Sustainability. How do you think JCI members can contribute toward the goal?

Sustainable development is not just a goal set for environmental conservation but also involved other social and economic issues. JCIHK can launch award programs concerning these issues in schools and students can learn via participation in these events and discover these issues by themselves. Strategically, one will then develop interest and motivation to move on as he seeks for further advancement after being recognized for his success in that area.

What types of JCI projects are needed for our local community?

Recently, there is awareness in the public about the concept of Corporate Citizenship. In simple words, a good company must comply with all ethical standards and the products must not be harmful for human beings. The company must also act to minimize any negative impacts on the community. Furthermore, a company can offer donations to needy areas and offer voluntary services. In particular, apart from these external work, companies can make a very important contribution to the society through helping to promote the development of positive values within their staff, such as honesty, trust, respect and care through employee values education. The different types of projects launched by JCI are all very meaningful. If everyone can help to take a project in this area and spread around the concept of good business culture to others, then this multiplier effect can influence both our local community and the world.

Concerning individual development among our members, which aspects do you think JCIHK should allocate resources on?

JCIHK could consider allocating more resources to activities that equip its members with positive values through projects and individual training. From then on, members can continue to develop themselves with this mindset.

JCI Asia Pacific Area Conference 2009

Nagano is located in the middle of Japan

Nagano City hosted the Winter Olympics in 1988 where it was first known to the public.

- Without ASPAC, it is only a quiet city hiding inside the mountains.
- Without ASPAC, you may never thought of going there for a visit.
- Without ASPAC, you may not find out how interesting the city is.

2009 JCI Area B Asia Pacific Conference ("ASPAC") will be held in Nagano where over 5000 JCI members from all over the Asia Pacific countries will get together for a 4-days conference during the period from 4th June to 7th June 2009.

The conference theme this year is "OMOIYARI". The organising committee is aiming to bring an extraordinary conference experience to members of JCI with lots of laughter and smiles and at the same time, promoting harmonies among the citizens and members all over the world that lead to World Peace. We would like our Hong Kong delegates to "See it, Feel it and Touch it" and enjoy a memorable experience.

Throughout the conference, not only you will meet friends from all over the Asia Pacific region and enjoy a series of international parties, but you will also have the opportunity to learn about the JCI initiatives and attend different JCI signature training courses and various seminars hosted by top trainers in the region.

Before the beginning of an exciting ASPAC experience, the On-to-Nagano ASPAC organising committee has arranged a pre-trip to Karuizawa on 3 June 2009 where the Hong Kong delegates can relax in the hot spring in a comfortable resort.

The deadline for early bird is now extended to the end of April. A series of promotion events have been launched by the organising committee including promotion in various LOM gatherings and IA gatherings. The On-to-Nagano ASPAC organising committee is geared up and ready to bring the Hong Kong delegates to experience the international opportunities that JC provides.

Talk with the Hong Kong Institution of Engineers

The Hong Kong Institution of Engineers have invited two young leaders – National President Mr. Ken Wong and National Vice President Ms Yvonne Wong as speakers as our seminar with special featured guest 2008 Ten Outstanding Young Persons Mr. Witman Hung.

2007 Young Leader Mr. Ken Wong shared how joining the Junior Chamber International Hong Kong (JCIHK) changed his lives. Graduated as a traffic engineers, Ken has participated in various civic projects. Through training in JCIHK, he learned how to create opportunities and to grasp opportunities for career development. Similarly, JC members could equip himself with positive change through projects and training. He said that engineers should prepare ourselves to take up the role as senior positions. Once opportunities come, we should strike the chance to perform ourselves and get promoted.

2008 Young Leader Yvonne shared how to become an innovative person through ideas, research and execution. She said that the most creative time is between 5am to 7am. From her observation, the authentic innovation comes from 10% idea and 90% execution. Idea without execution is never an innovation. At the same time, people should also try to think big and leverage our personal resources upon execution. With such determination, we will make our dreams come true and make more friends during the process.

During the sharing session, Mr. Witman Hung shared that commitment is very important for personal success. Once you take up the responsibility, more and more opportunities come. Witman also said that everyone would think about oneself (value) in a relationship. We should think about what and why our counterpart needs. Ken, Witman and Yvonne agreed that a resourceful person is more likely to succeed. It is because a resourceful person is not only a good problem solver, but also a good networker who can leverage different expertise together.

JC 5-Star Training Program 2009

Mission Completed!!!

37 JC members participated in the 2-days-1-night 2009 JCIHK 5-Star Training Program, which was co-hosted by Island Junior Chamber and North District Junior Chamber.

On February 28 and March 1, thirty-seven participants from different local chapters experienced a meaningful and fruitful two-day-one-night 5-Star Training Program at Po Leung Kuk Jockey Club Tai Tong Holiday Camp.

Through the program which were well-designed by Head Coach, Patrick Au Yeung, and his team (Ban Chui, Jasper Ng, Martin Li and Keith Pon), the participants are now aware of the values, opportunities and philosophy of JC movement. They also understand JC Protocol and how to organize JC projects.

From not knowing anyone to getting acquainted with each other, the participants gained two very valuable things – friendship and team-spirit. They engaged in different group activities with their spirit of teamwork, creativity and passion as well. Building up a bridge with bamboos was definitely an unforgettable experience. They designed, constructed and decorated a bridge with requirements set by the Head coach. Although they encountered various difficulties, a bridge which was firm enough for each member to walk over was built up in good time. Their team spirit was truly manifested indeed!

All in all, we believe that this program can enable participants to develop healthily in the JC circle. We wholeheartedly wish them every success in walking along the JC path.

Congratulations to the first ITF of JCI Hong Kong

Congratulations to the first ITF of JCI Hong Kong

Training and Development Council (TDC) has interviewed Senator Rose Mao, the first trainer in JCI Hong Kong who has attained the International Training Fellow (ITF) from JCI, which is the highest certification level for JCI trainers. Rose has received this recognition after being the head trainer for JCI Trainer held at JCI Philippines in 2008 and submission of a training course on "Decision Making". We are happy to have Rose to share with us her JC training experiences.

What makes you so devoted to training and have the determination to go for ITF, the highest level in JCI training?

Frankly speaking, I haven't thought about reaching ITF after I achieved International Graduate (IG) status, especially after I gave birth to my first child. The requirement for ITF also changed for a few times that made me felt discouraged. I have to thank my EXCEL classmate Fanny Mao (IG from Taiwan) for her encouragement and her arrangement for international training opportunity. The TDC Immediate Past Chairman Peter Lau is also 'the man behind'. When he learnt that I only need one overseas training in order to fulfill the ITF requirement, he put a great effort to seek for me.

Personally, I like training because in a trainer's role I learn more and faster than as a participant. As for being an ITF from Hong Kong, I hope our Hong Kong trainers could have a place to contribute in the JCI Training world.

What do you think TDC or JCIHK can do to create more quality trainer?

I think TDC has been doing well. For example, the TDC Arena provides platform as well as the first training hour for new trainer to practice their training skills. Members who wish to pursue for a training career in JC must also prepare themselves for more 'jobs'. For example, younger trainer could gain more experience through participating in more projects / taking up different levels of responsibilities so that they have more concrete experience to share with others. TDC could also provide mentorship for experienced and novice trainers.

As a professional in training area, Rose has contributed her effort in delivering trainings for JC and external organizations. The JC training career has also brought new inspirations for her that can be applied to her job. If you are wondering whether you can be a trainer, start with getting yourself prepared and equipped your skills to be a good JC member.

財政預算案建議「穩定中小企、穩定就業」

「二零零九至一零年財政預算案」，本會集中討論兩個議題，分別為「創造就業」及「中小企營商」。綜合青商會員的意見，本會建議政府優先推動促進本地的消費市場、推廣本地旅遊、協助穩定企業的資金及人材，並特別關注青少年的就業問題。有關的建議如下：

有關創造就業機會建議

預料本年度的失業率將不斷攀升，本會建議政府在就業問題上，不是大力推動「十大基建」，而是能針對較緊急的範疇，直接資助，並在現有的失業及就業問題上，對症下藥。

❶ 提高年輕人就業機會

從過去一年的失業率中，有近20%的失業人口為15-19歲青年，其次為20-29歲年輕人。本會建議政府優先考慮為年輕人創造就業機會及加強其競爭力。

甲　年輕人喜歡創作，天馬行空，不少有志投身創意文化藝術，卻因資源有限，以「地下式」或「自娛式」進行，艱苦經營，發展很侷限，未能發展成為事業。建議政府撥款推動創意文化藝術，資助相關的培訓組織及培訓基金，特別是有關市場推廣基金及表演場地的費用等。發揮青年人創造力，亦讓創意文化孕育成為「產業」。

乙　本會亦建議政府加強資源在行政工作及實用性的職前或在職培訓課程，讓青年人加快適應工作。增加企業聘請「青年見習學員就業計劃」的學員在職培訓津貼，甚至向提供大量青年在職培訓空缺的企業，設有獎勵金或稅項的寬減。

❷ 加強地區性的就業情況

希望政府投放資源於地區性的綜合招聘工作，加強勞工處的就業服務，特別在一些較偏離市區的區域，如：天水圍、屯門等。讓區內的市民，可在區內找工作，並且可減少車資支出。

❸ 政府帶頭資助企業聘用弱勢社群

現時很多弱勢社群透過社會企業覓得工作機會，但畢竟社會企業並不是營商企業，故在尋求盈利方面，並不專門。建議政府資助商業企業聘用弱勢社群，甚至營運社企，將商業的管理模式，帶入社企中，讓弱勢社群的就業機會能持續發展。

❹ 防止企業人材流失及鼓勵栽培人材

建議政府設立基金資助企業作進行內部培訓之用，推動企業投入資源於人材發展，提升員工質素，亦提升企業競爭能力，幫助企業長期發展。

❺ 表揚不裁員企業

鼓勵政府與非牟利團體及商會合作，推出「中小企不裁員」推廣活動，表揚不裁員企業。

有關企業營商的建議

對於企業營商方面，本會的建議以「穩企業」為原則，建議財政司改善稅務政策，部份政策更可即時執行。我們的建議如下：

❶ 綜合2008及2009年一起評稅

2008年很多企業及個人僱員均有不俗的收入，評稅金額較高，但是2009年預期是經濟低潮，特別是2009年初的低谷期，預期很多企業有機會錄得赤字。本會建議政府將2008及2009兩年度的帳目綜合評稅。

❷ 即時將2009年的稅款分期繳交

2009年上半年是企業的流動資金的重要關頭，本會建議政府將稅款分期繳交制度由現時的第一期80%，第二期20%，作出相應的調整，讓中小企在上半年有更多的現金週轉。

❸ 母公司投入子公司的投資金額可獲免稅

在市場低迷時期，需要鼓勵有資金的企業加強投資。本會建議改善稅務政策，母公司投入子公司的投資金額可獲免稅或寬減。

❹ 推動地區旅遊業

香港是有濃厚特色的城市，亦是一個很適合海外人士自助旅遊的城市，各區均有不同的設施，但是現時推廣集中於大型的旅遊場地及購物。建議政府撥款推廣香港特色地區，如元朗的圍村、離島旅遊等，以及各區的特式節日及慶典。推動香港旅遊更多元化！促進外遊人士留港消費，從一至兩天的旅客，能延長到三至四天。

❺ 投資於幫助旅遊業的設施

鼓勵加強建設道路指示設施，方便個人旅客，亦推動旅遊的發展，並增加建設項目。

❻ 鼓勵工業回流及海外商業機構駐港

甲　善用政府物業及土地，與及減稅措施，吸引工業回流；

乙　推廣香港的低稅率制度的好處，鼓勵海外機構設立駐港總部。

❼ 幫助創意產業

甲　香港有兩個主要資訊科技產業的地方 — 科技園及數碼港，已聚集了不少資訊科技的公司，資訊科技的研發期較短，但回報潛力卻豐厚，鼓勵政府能再進一步，鼓勵除研發資助外，增加資訊科技產業的資助（如：為行業而設的市場推廣基金）及稅務寬減政策。

乙　撥出空置單位，以低於市價，資助創意產業租用，如環保工業、資訊科技及文化藝術。

丙　豁免首年的利得稅，幫助這類企業於成立初期投放資源於公司中，提高持續發展機會。

❽ 延長「特別信貸保證計劃」的申請期

現時的申請期至2009年6月止，延議最少延長至2009年9月，並且與銀行合作，加強推廣工作，讓更多企業能積極參與，穩定中小企業。

❾ 外判工程給中小企

政府有極多的工程項目在輪候，如早前公佈的「七項措施」的清拆舊建築及危險建築，建議加快處理，特別是外判給中小企。此外，鼓勵政府縮短帳單付款周期至三十天內，幫助中小企業的資金週轉。

結語

政府的作用是穩定社會，並讓社會持續發展。受著金融海嘯的影響，企業及市民均人心動盪，在資金及外圍市況不穩下，問題會越來越多。「十大基建」是一項長遠的投資項目，涉及龐大資金，雖可創造大量就業機會，但卻未能為現時的中小企及服務行業解困，遠水不能救近火。希望政府能推動香港的優勢，在運用資金上，對就業、企業營運及旅遊發展，作直接的幫助。本著香港人的自強不息精神，定能逐漸恢復信心，重建繁榮。

Achieving the United Nations Millennium Development Goals, (UNMDG) Action by JCI Members

Since 1954, Junior Chamber International (JCI) has been in cooperation with the United Nations in contributing to a higher standard of human living and help solving environmental, social, economic and health problems in the world. Working in collaboration with the UN, JCI has held several JCI Summits at UN in New York. These Summits have helped JCI members learn about the UN and its projects, including those related with the Millennium Development Goals (MDGs).

In order to further the cooperation partnership with the United Nations, JCI has formed the UN Affairs Commission this year, with a team of 9 commissioners from four areas of JCI, aims at promoting and implementing UN related affairs such as UN Millennium Development Goals (UNMDGs), UN Global Compact, the JCI Nothing But Nets and the Climate Change to JCI National / Local Organizations.

JCI Nothing But Nets – A Global Campaign to Fight Malaria

In Sub-Saharan Africa, Malaria is the largest single cause of death among children under the age of five, killing one child every 30 seconds, more than 800,000 per year. Malaria infections have actually increased over the last three decades. Malaria accounts for 40 per cent of public health expenditures.

Insecticide-treated bed nets (ITNs) are a form of personal protection that may reduce transmission as much as 90% in areas with high coverage rates. In general, ITNs can retain lethal concentrations of insecticide for the life of the net (3-5 years). By donating US$10 now through http://www.jci.cc/nothingbutnets JCINothingButNets, your support will provide one life-saving bed net to one African family during the next delivery to Africa. JCI has set a target to purchase 1,000,000 insecticide-treated bed nets by 2015 within the global JCI community. JCI National Organizations and Local Chapters are encouraged to support this global campaign by launching projects or cooperating with business community for fundraising for purchase of ITNs to save more lives of children in Africa and to bring the campaign to the community.

Advancing CSR through UN Global Compact

"Corporate Social Responsibility is not about how money is spent, it is about how money is made". Launched in July 2000, the UN Global Compact is both a policy platform and a practical framework for companies that are committed to sustainability and responsible business practices by aligning their operations and strategies with ten universally accepted principles in the areas of HUMAN RIGHTS, LABOUR, the ENVIRONMENT and ANTI-CORRUPTION. The UN Global Compact aims to advance two complementary objectives: a) Mainstream the ten principles in business activities around the world; and, b) Catalyze actions in support of broader UN goals such as the UN Millennium Development Goals.

In 2008, JCI passed a "Commitment to Action to Advance CSR through the UN Global Compact". We encourage JCI Local / National Organizations to develop working relations with UN Global Compact Local Networks (UN GCLN) in order to further its projects, we also encourage JCI members, associates and company managers to participate in the UN Global Compact. On the other hand, in foreseeable future JCI will launch a JCI Recognition Program for small and medium enterprises around the world, namely Socially Responsible Companies of the Year, that grant a "JCI Seal of Approval" to socially responsible companies that best embodies the Corporate Social Responsibility (CSR) concept.

Action on Climate Change

Climate Change has been one of the most relevant topics that have drawn much attention and discussion. It does not simply bring in temperature rises but also has catastrophic impact on the whole ecosystem such as rising of sea level, many species being in danger of extinction, outbreak of new diseases, and huge portion of people might be suffered from hunger, poverty and wars.

Junior Chamber International is committed to act on full speed in response to the Global Warming issue. We have launched a global web-based survey about Action on Climate Change in March to gather what specific actions JCI members have implemented or have prepared to take in their national organizations or local chapters. In JCI Area Conferences, we will have a Climate Change Workshop (General Assembly II) where there will be keynote speeches and discussion by leaders of different national organizations on climate change, and will come up with proposals with an action list of what JCI should do on climate change. Proposals from all JCI Area Conferences will be compiled and presented at the JCI Leadership Summit at the UN Headquarter in Geneva in end of July. They will be discussed and selected to be included in the "JCI Commitment on Action" on Climate Change to be approved by the 2009 JCI Tunisia World Congress.

JCI provides opportunities for young people to develop themselves as leaders. As JCI young leaders, every of you can take actions to create positive change to the world. In synchronizing the 2009 theme of JCI Hong Kong, JC Members; Global Leaders, we highly recommended you to be actively involved in UN related affairs and be a responsible global citizen and even a global leader!

JCI's relationship with the United Nations was back in 1953 when JCI raised US$1 million for relief efforts and delivered 400 tons of goods to an estimated number of 600,000 war victims. Since then, JCI has established continuous communications and relationships with different other UN agencies such as UNESCO, UNICEF, etc. In September of the year 2000, leaders of 189 countries met at the United Nations in New York and endorsed the Millennium Declaration, a commitment to work together to build a safer, more prosperous and equitable world. The Declaration was translated into a roadmap setting out eight time-bound and measurable goals to be reached by 2015, known as the Millennium Development Goals (MDGs), namely:

National Business Network Lunar Bonanza 2009 「曾Sir.28騷JC版」牛年經濟展望-海嘯下的危與機

The National Business Network (NBN) committee has invited a famous finance and economics TV program host Mr. Tsang Chi Ying (Tsang Sir) to be the guest speaker in the first event of year 2009 – the NBN Lunar New Year Bonanza Dinner "Tsang Sir 28 Show (JC version)". Mr. Tsang has shared his view on the opportunities during the recent finance tsunami with our NBN members.

During his sharing, our members showed great interest in foreign currency such as China RMB and Japanese Yen. He suggested that the RMB do has a lot of potential if it keeps floating. Japanese Yen is also a hot topic for the dinner because some of our members had businesses in Japan. In addition, we were planning to go to the Asia Pacific Conference in Nagano this early June. Tsang Sir reminded us that we would exchange the Yen before March as Japanese Yen would reflow to Japan in March and will result in a further rising.

Tsang Sir was so generous that he has given out two of his books to be the gifts for our Q&A section. Before the end of the event, National President Senator Ken Wong hosted the fund raising raffle ticket draw congratulation to all the winners.

Senate Gathering

Global Warming, Global Warning!

To echo the JCI focus of environment sustainability addressing "Climate Change", a gathering with a theme seminar on "Global Warming, Global Warning!" organized by the JCI Hong Kong Senate was held on 24th March.

Following the welcoming remarks by JCI Hong Kong Senate Chairman Eric Tang and National President Ken Wong, JCI UN Affairs Commission Chairman Benjamin Kong made a brief report about the main goals of the co-operation between JCI and the UN this year. The theme seminar on "Climate Change" was then conducted by the guest speaker Dr Eddy Lee, senior Scientific Officer of the Hong Kong Observatory, Assistant Director of the Space Museum, who currently focuses on global warming research. In the seminar, he quoted a lot of frightening figures about global warming, which made us fully aware of how a serious problem global warming is and an issue that we have to fight against. Meanwhile, he suggested to the audience a few different ways for combating global warming, namely technology fix, behaviour fix and political fix. Dr Lee further elaborated on the Kyoto Protocol and the proposed content of Copenhagen Protocol. To achieve the JCI Presidential slogan "Global Impact Through Local Action", and as an active citizen of the global village, we should always put forward 3Rs (Reduce, Reuse and Recycle) in our daily life.

The seminar enriched our knowledge about global warming. Inevitably, we have to do something for our next generation. This is one small step made today, one giant leap for mankind in the future!

Eric Tang
Senate Chairman

▲JCI UN Affairs Commission Chairman Benjamin Kong briefly explained how JCI and UN will work together for Climate Change, and promoted the UN summit to be held in Geneva in late July.

▲National President Ken Wong and Senate Chairman Eric Tang expressed their appreciation to Dr. Eddy Lee for his sharing about Global Warming.

Islanders Supported "2009 AIESEC Week" with the United Arab Emirates!

As a leading chapter in Hong Kong which has been partnered with AIESEC of the Chinese University of Hong Kong (CUHK) since 2004, we proudly extend our relationship into action in an event to promote national culture of the United Arab Emirates (UAE). With the generous support of the Consulate General of United Arab Emirates in Hong Kong, we initiated a series of cultural performances, food and beverage tastings, and distribution of printed materials which outline different aspects in culture and business environments of the UAE to students in the AIESEC week of CUHK on 2 March 2009. Throughout the 3-days event, hundreds of students visited our booths and they were particularly interested in business and employment opportunities at the UAE. The support from Consulate General was invaluable which provided an opportunity for the students and guests to have a better understanding about the mystery of UAE. "It was indeed a very good beginning to promote the UAE culture where many of us are not really familiar with", said Chairman Alex TSANG of the UAE Culture Day, "and at the same time all Islanders would very much treasure the experience working with the people from Consulate General, as well as our partner, the AIESEC, CUHK". Our event – "UAE Culture Day" – will be launched in June, stay tuned with us at http://ijc.hk!

半島青年商會創會四十周年會慶・由您啟動

半島青年商會自1969年創會至今，不經不覺已四十年，本會秉承青商宗旨「服務社會，訓練自己」，培育眾多青年領袖。歷年籌辦的工作計劃，均獲得社會各界及國際青年商會的認同，屢獲殊榮，更三度獲選為世界傑出分會。這些都是歷年會友的成果，故此本會四十周年會慶主題定為「全因有您」。

二零零九年三月五日是本會四十周年慶典啟動禮，當晚很榮幸邀請了傑出青年協會前任主席及傷殘人士奧運會金牌得主張偉良先生一同主持啟動儀式。啟動禮主題為「由您啟動」，本會亦邀請「小腳板童畫班」的一班小朋友繪畫一張手拉手的圖畫，象徵歷年的青年人，透過青年商會這平台，不斷成長。啟動禮亦分發一顆簽上名字的「金星」給每一位嘉賓，讓他們貼在畫裡天空的部分，寓意着各人承諾以無私的精神去照耀着半島青商大家庭，令半島薪火相傳，繼續服務社會。

啟動儀式為會慶揭起序幕，一連串的工作計劃及宣傳項目將陸續展開，各項的宣傳項目會以宣揚青年商會的領袖培育及社會服務精神為主題。而會慶晚宴亦定於2009年8月22日（星期六）假九龍香格里拉酒店舉行。

「半島傳承四十載，青商匯聚展光華」，各青商會友及友好團體，本會誠邀您出席參與。

《金融海嘯巨浪下經濟展望》講座

海港青年商會緊貼時代脈搏，美國次按問題、投資銀行雷曼破產等，使全球股海風起雲湧，各會友在金融海嘯、市況波動的情形下總有點不知所措。本會特別邀請交通銀行香港分行首席經濟及策略師羅家聰博士於三月十二日舉行之《金融海嘯巨浪下經濟展望》講座分析環球經濟的基本因素，從而判斷後市方向。當天出席的會友在聽取羅博士的分析後，踴躍發問，獲益良多。

本會希望會友能就有關經濟投資的範疇多充實自己，讓自己投資有道，盡快達致經濟上的自由，從而讓生活更美好！

四會新春團拜Happy"牛"Year

2月15日元朗青年商會與維多利亞、獅子山及太平山青年商會一同合辦了四會新春團拜活動，並參觀了數個元朗特色景點，參加者反應非常熱烈。活動當日，大會特別安排開蓬雙層巴士，由金鐘經旺角接載各分會會友，浩浩蕩蕩駛入元朗屏山。我們先參觀品珍醬油廠，雖然廠內充滿著濃烈的氣味，但當大家親自嚐到新鮮味美的醬油後，一點辛苦也是值得。當參觀屏山文物徑時，大會更邀請了屏山長老沿途為會友講解屏山歷史典故，以加深大家對元朗認識。而當中屏山鄧氏宗祠，更是香港最大的祠堂，主要用作用作祭祖、慶祝節日、舉行各種儀式及父老子孫聚會等用途。其間另外三個會更在宗祠內舉行月會，是破天荒在宗祠內舉行其他組織會議，所以會眾都覺得新奇，而月會亦變得都格外嚴肅。之後，大家在宗祠內吃元朗特色盆菜，氣氛十分熱鬧，為這個新春團拜加上香港原居民的特色，希望大家記得這個特別的「牛」年。

222 迪士尼之旅

太平山青年商會聯同明愛家長資源中心舉辦了『222關愛行動之小記者暢遊迪士尼』的義工活動，在2月22日順利完成，是次活動共有30位小朋友和30多位義工參加，當中包括本會會友、現任及前任總會指派執行委員和我們銳意邀請的新朋友。

30位小朋友是來自明愛家長資源中心的會員，是一班有自閉症、輕度弱智、發展遲緩等問題的小朋友，透過帶他們去迪士尼樂園，令他們感受到我們對他們的關愛；同時亦藉此機會，向新朋友介紹太平山青年商會是一個由關懷社會、活力十足的青年人組成的；而本會亦透過是次活動增加了數位準會員。

由於是次活動相當有意義和成功，本會會長楊健茹在活動之後亦接受了香港電台的訪問，談及有關籌備的點滴和旅程的趣事，訪問當日她還帶了2位小朋友上電台，第一次的電台訪問，給他們樂透了。

『關愛・行動』是本會2009年的主題，我們每一個會員都希望取之於社會、用之於社會，希望將我們的愛心帶到社區、更帶到祖國。在往後的日子本會會舉辦更多有意義的社會服務工作計劃；於下半年，我們的重點活動為『一人一磚・江西建校』，我們會於江西省吉安市安福縣洲湖鎮建立一所名為『太平山青年商會毛田希望小學』，詳情請瀏覽本會網站www.tpsjc.org.hk，我們冀望得到大家的支持，有更多人參與太平山青年商會，透過不同的工作計劃，自我增值，同時將這份愛心發揚光大！

"2009 JCI ASPAC Nagano - Japan" will be held on 4-7th of June 2009. Queensway Junior Chamber will fully support and participate in this big event.

Asia Pacific Conference, although we called a conference, there are lots of fun and elements which attract all Jaycees to join: Leadership training, JCI World Public Speaking Championship and the spotlight of this event - Cultural Exchange: Sister Chapter Gathering Conference Ball.

In order to let our member know more about this valuable event and to encourage our member to participate, on 17 March 2009 we had held a joint-chapter-Monthly Fellowship Gathering with North District Junior Chamber. In this gathering, we had great games and also a valuable sharing from On-To-Nagano Chairman Senator Paul Wu on his past experiences of ASPACs. The members of both chapters enjoyed a wonderful night and showed their great interest to join.

President Parlett Chang mentioned that ASPAC was one of the special international events which you could find it no where but in JCI. He strongly recommended all members to treasure this opportunity.

Live Better

There has been encouraging news for SJC at the beginning of 2009! Due to our continual voluntary services, we were awarded the 'Outstanding Volunteer Award' by Hong Kong Sheng Kung Hui Welfare Council. As part of the volunteering series by Volunteer Services Commission (VSC), we have established a mock interview program for Form 5 and Form 7 students since 2005. Our members volunteering as employers conduct job interviews with students. Through these mock interviews, volunteers could provide comments and suggestions to students on how they could improve on their interviewing skills. In this year, we will have more mock interview volunteering sessions coordinated by VSC. This award represents that the value of active citizenship of JCIHK is once again recognized by the public. SJC is committed to put JCI vision and mission into practice.

We will arrange our regular visit to our sister Chapter Wakayama Junior Chamber in 8-9th June which is right after JCI ASPAC in Nagano from 4-7th June. It will certainly make our Japan trip more fruitful.

晉峰情、十五年、手牽手、創未來

本會今年之口號為「晉峰情．十五年．手牽手．創未來」，以「情」，因此，我們的活動內容亦圍繞著「情」，讓會友在歡度十五周年之時，帶來一番新感受。晉峰青年商會於本季已成功舉辦多個月會：一月交職典禮各會友對晉峰之熱情，二月新春團拜洋溢著溫情，三月長野攻略介紹日本風情；加上領導才能培訓工作坊等，相信大家仍歷歷在目。接下來我們將延續本會的兩個旗艦計劃：【中華兒女】及【尋找企業家的故事】。

【中華兒女】社會工作計劃系列「給主席的信-祖國的夢想校園」徵文比賽，藉一封寫給主席的信，以稚子的心，讓香港的兒童表達對偏遠山區兒童的教育問題的關懷，希望將來的祖國會出現他們筆下的夢想校園，讓所有的兒童都可以“人人有書讀”。

【尋找企業家的故事】藉著深港兩地動漫企業家的實戰經驗分享和交流，令充滿創意的港深大專生能親身體驗，為一個新鮮動漫人物制作市場包裝和推廣計劃，從而學習及體會「創意企業精神」。

最後，十五周年會慶將為本年度壓軸大型項目，為晉峰再創高峰。
