Message from National Publication Director

"Creativity" is the theme of issue Four of Harbour Light. As mentioned in the interview with Mrs. Lau Ng Wai-Lan, JP, our new generation is innovative and creative. Creativity can help people to create wealth and income, like new technology. Creativity can help to create a more prosperous and better world, like new inventions. Junior Chamber is a place of creativity. JC members can implement their new ideas through innovative projects to create awareness among the society. Like our "WE UNITE for a BETTER WORLD" project, led by our experienced members, implemented many new ideas to raise funds and to award those corporations that support the Millennium Development Goals. In this issue, you will note that many chapters launched new projects successfully and were well recognized in both JC circle and the society. I hope you enjoy reading the Harbour Light and get creative ideas from this. Happy Christmas and wish you all a prosperous 2011!

Message From National President

“Responsibility, Chapter and Glory” is one of my mottos that I shared with my members. Whatever decision I made for our beloved organization, I based on these 3 elements (Responsibility, Chapter and Glory) to help me in making ethical and professional judgments. The original version of this motto is “Responsibility, Nation and Glory” which was said by a General when he trained his soldiers.

JCI Hong Kong (JCIHK) has accomplished a number of breakthroughs this year:

Two hundred and thirty-three Hong Kong delegates attended the Asia Pacific Conference in Singapore and successfully bided the 2012 ASPAC to be held in Hong Kong;

Organized the “Change Maker Forum” and motivated more than 400 young people to serve the community;

More than 600 guests attended our 60th Anniversary Banquet and witnessed the celebration;

Our promotional video of JCI Hong Kong is being shown in more than 2,000 buses and 3,000 taxis;

Our Senior Members had arranged a concert which successfully raised close to half a million Hong Kong Dollar for the community;

“We Unite for a Better World” project team has increased the awareness of the 8 United Nations Millennium Development Goals in the public and the Ten Outstanding Young Persons (TOYP) Selection project team was able to echo the goal “End Poverty” and raised HKD100,000 from the TOYP community service day!

Clearly with ONE person’s effort, he or she cannot attain all the goals. Without the hard work of each and everyone of the National Board, 19 Chapter Presidents and all our members, I would not be able to present proudly here that we have so many outstanding achievements in year 2010! All of you are kind-hearted and willing to sacrifice your time, energy and money for the betterment of JCIHK!

People always say I have 37 years of JC experience but I can tell you that it is the support of all the Past National Presidents (PNP) who are sharing their experience with me when I seek for their advice. Thank you to all the PNP in building the solid foundation of JCIHK!

Taking this opportunity, I would like to thank all of our Honorary advisors for your continuous guidance and all the supporting organization that we have worked with this year.

2011 National Board of Directors-Elect, our future is in your hands and please remember when you make your decision, remember the 3 main elements: “Responsibility, Chapter and Glory”.

Fellow members, I am so honored to be your National President.

Be Proud. Be a JC Leader. THANK YOU!

The interview with Mrs Lau Ng Wai-Lan, JP, Secretary of Commerce and Economic Development, is conducted in early August this year.

Interview with Mrs Lau Ng Wai-Lan, JP

Secretary of Commerce and Economic Development

◀ On behalf of JCIHK, President Senator Gene Tang presents a souvenir to Mrs Lau Ng Wai-Lan, JP

The development of Hong Kong's economy after the financial tsunami

Hong Kong's economy is on the right track to fully recover from the financial tsunami. The 8.2% GDP growth in the first quarter of 2010 is very encouraging. Our economy emerged from recession at the end of 2009 with GDP growth of 2.5% in the final quarter of last year. The total volume of exports rebounded strongly to levels before the global financial crisis. Most figures are showing good signs for the economy. The unemployment rate has also significantly come down to pre-financial crisis levels. We should be able to achieve our economic growth forecast of between 4%

and 5% this year. [note: the forecast has been further revised upwards to 5-6% after the interview.]

Hong Kong has benefited from Government's pro-business, pro-market policies leading to Hong Kong being rated as the freest economy in the world. We have a small government and a low tax system. Our four pillar industries (financial services, tourism, trading/logistics and professional services) are well-developed. To enhance our overall competitiveness, we have identified six new growth industries in which Hong Kong has a clear edge. The identified industries are testing and certification, medical services, innovation and technology, culture and creative, environmental and educational services.

Creative Industry

Talking about the cultural and creative industry, Hong Kong has attained international standards and spectacular

achievements in fields like design, film-making and advertising. Hong Kong's young generation is apt at picking up new technology, notably in the multi-media field. They can develop their interest and talent in the creative industry.

Our consumption behavior encourages our society to move forward. The high early adoption rate makes Hong Kong a good place for companies to promote their newest models and test the market. This in turn generates demand for creative content.

The creative industry is about transforming ideas into value and service. Create Hong Kong (CreateHK) was set up in June 2009 to foster a conducive environment to facilitate creative industry development. A HK\$300 million CreateSmart Initiative (CSI) was established to provide necessary funding support. An important direction under the CSI is to nurture a pool of creative human capital which will form the backbone of Hong Kong's creative economy and promote Hong Kong as Asia's creative hub.

Green technology / Innovative technology

Green technology is important to our sustainable economic development. To implement a policy successfully, we should do it at the right time and in the right place. With increasing public awareness towards the importance of environmental protection, I am confident about the prospects for our environmental industry and green technology development.

Among renewable energy sources, solar energy has the highest potential and it is the most suitable to Hong Kong's environment compared to wind energy and hydro energy. The DuPont project is a good example. It is a flagship project under the Shenzhen / Hong Kong Innovation Circle launched by the governments of the two cities to promote strategic collaboration on sharing and utilising science and technology resources for regional innovation activities.

With DuPont's setting up of its solar panel Research & Development centre in the Hong Kong Science and Technology Park, more and more such major companies will be attracted to establish their R&D presence in Hong Kong. Moreover, the new generation solar panels from DuPont will enable wider and more flexible application of this innovative technology in Hong Kong's densely built-up environment.

Apart from the solar energy application, Hong Kong's good telecommunication network and infrastructure foster development in information and communications technology. Hong Kong people enjoy a wide network coverage at affordable prices. We are already geared up for the 4G era.

In addition, digital TV and mobile TV have improved viewers' experience.

Testing and Certification

Hong Kong has good potential to develop into a major regional testing and certification centre. Since Hong Kong is an export economy, the private sector should be the key driver in certification and testing. We should export products that comply with international standards. We are now working closely with the Mainland and hope that some of the goods from there can be tested by Hong Kong. We have set up the Hong Kong Council for Testing and Certification, which has come up with a three-year market-oriented development plan for the industry including the grooming of more talents and technical expertise. Four selected trades: construction materials, jewellery, food and Chinese medicine are considered to have greater potential for the use of testing and certification services. We believe Hong Kong can establish relevant standards in those areas which carry vast business opportunities, potential and demand.

Actually, Hong Kong has a good base to develop the six knowledge-based industries with the support of our sophisticated education system. Hong Kong Universities have a good international reputation and many of them are highly ranked in the region. We believe that Hong Kong has the potential to develop private universities.

Our new generation is creative and innovative. We should be optimistic about the future now that Hong Kong has recovered from the financial tsunami.

The Latest News of "WE UNITE for a BETTER WORLD" Project

I A Charity Online Auction

We are delighted to have invited a celebrity, Charlene Choi, as "WE UNITE for a BETTER WORLD Goodwill Ambassador" to help promote Millennium Development Goals (MDGs) to the public. Moreover, Charlene was kind enough to contribute four sets of her costume on her newly-launched EP album "Beauty Remains" for online auction. The e-bidding took place at "Yahoo! Auction", the sole online auction sponsor of our event. The collected money was donated to Junior Chamber International's "Nothing But Nets" program for purchasing bed nets for Africans to protect them from being infected with Malaria. With the generous support of the general public, the money from this online auction was sufficient for us to buy over 1300 bed nets.

由本會與東華三院及社會福利署聯合主辦，義不容「遲」2010-傑出義職人士選舉，已於八月份順利完成。工作計劃的目標為鼓勵更多在職人士熱心參與義務工作，並將之視為第二事業，為社會作出貢獻。

今年傑出義職人士選舉在多方面取得了成功，亦進一步向社會宣揚義務工作的精神及價值。活動今年所收到的提名表格亦超出去年，各參選人士所參與的義務工作層面更是廣泛。

活動於四月廿四日在黃金海岸商場展開序幕，並邀得立法會議員張國柱及新創建集團企業傳訊總經理關則輝太平紳士出任主禮嘉賓。通過各活動大使的精彩表演及分享，令活動的目標得以宣揚到社會每個角落。

選舉提名期間的各項活動及其他宣傳攻勢卻未有停步，包括於五月八日在東華三院許莫德瑜護理安老院舉辦的「義職服務體驗暨戶外宣傳日」。當日，活動大使萬綺雯小姐聯同共三十位義工朋友，與安老院的一眾長者度過一個愉快的下午之餘，之後亦一同前往中環天星碼頭進行戶外宣傳。

除了戶外宣傳，活動的各項宣傳媒體亦相繼在社區的每個角落出現，包括在港鐵沿線車站近二百個地點、醫院管理局轄下五個聯網的醫院、主要港島專線小巴站及車身、全線屈臣氏個人護理用品店，及部份入門網站。

隨著各位獎位評判團的努力，七位得獎者亦於八月七日，閉幕暨頒獎典禮當天順利誕生。各得獎人士一直不辭勞苦地為社會服務，除了值得我們敬重，更為義務工作豎立了典範。義務工作是社會的寶貴資源，對於促進社會的和諧及關愛文化起著正面的催化作用。

隨著七位得獎者的誕生，本活動今年亦將告一段落；但相反，其實今天是義務工作推廣的另一個開始，讓更多人士知道什麼叫做「義職」，並將義務工作發展成為第二事業，為義工的持續發展性帶來正面的改變。

傑出義職人士選舉2010得獎名單如下：

踏入下半年，太平山青年商會憑著我們一股「活力・動力」，活動繼續一連串的推出。

國際事務方面，首屆「港日通識文化大使交流計劃」於七月尾帶領十位香港學生到訪日本富山學習日本禮儀及文化，於八月中，十一位來自日本的學生來到香港體驗中國傳統文化，期間亦訓練出學生的獨立性及溝通技巧。此外，本會一行十四人於十月初拜訪姊妹會台灣新竹國際青年商會四十五週年會慶，其間更獲得新竹市市長設宴招待。

社會發展方面，本會於八月份探訪明愛盈水閣老人院舍，與一眾公公婆婆玩遊戲、做運動及唱歌。本會電影籌款活動亦非常成功，門票全部售罄，而部份收入更捐贈予香港紅十字會黃福榮傳愛基金會。

公共關係方面，皇者之皇第十八屆青年歌手大賽於十月十日順利完成，各分會會友踴躍參與，氣氛高漲。

最值得慶賀的是，本會成功申辦2011年總會周年大會，主題為「自強・齊覓・獻社群」，我們將會全力以赴去籌辦明年的總會周年大會。

Dragon Junior Chamber has successfully organized our flagship project "Dragon Apprentice" with Hong Kong Children & Youth Service in September. This project was a business starter competition that provided opportunities for youths to make positive change and experience in real sales experiences. Extending our spirit, we had a series of activities, leadership training and workshops with sales and marketing skills, presentation skill and entrepreneur sharing and a business ideas presentation competition to reinforce young entrepreneurs' knowledge and share experience with them.

Beside the competition, we also organized a series of business seminars with The Hong Kong Federation of Youth Groups (Youth Business Hong Kong). The first session "Exploit Bizopp" was successfully held on 27th August, 2010 and we had over 80 participants. Having the successful young entrepreneurs to share their experience, success and challenge, the participants can understand more about how to start a business with limited resources and how to prepare a business proposal.

Project: Leader of the Leaders part II – Event Planning

Leader of the Leaders is a new project of EKJC this year. With this project, we are going to offer some leadership skills and problem solving skills to our participants. Like what we did in part one of this project – Leadership Seminar. We have two great speakers from Ocean Park and Prudential Assurance Company to share their experience.

Nowadays young people may have less experience on event planning, but a great leader should know how to organize and plan an event. Two great speakers shared their planning experience from 4A's company and from JC life to our participants in this part II workshop.

In the coming year, we would like to have some real task for our participants to work on. And this is what our project aim at the beginning – “learning by doing and serving the community with what you learn.”

Love of the Earth continues...

Love of the Earth 2010: Build Your Dream has successfully completed with Shanghai Exchange Tour in July. The ten Hong Kong students extended their love and caring for the earth and will be bringing that to the Sha Tin residents in December 2010 during the Sha Tin Festival.

Sha Tin Festival is held once every four years. Themed "Harmonious Family", the 2010/2011 Sha Tin Festival kick-started on Mid-Autumn Festival (22 September 2010) with live telecast on TVB (沙田節開幕典禮沙田月滿樂安居) and will continue until 19 February 2011.

During the Festival, a wide range of cultural and arts, sports, tourism and carnival activities will be organised to showcase the latest developments in Sha Tin District. Residents are encouraged to take part in community activities to strengthen their sense of belonging to the community.

SJC is going to co-organize with Shatin Inhabitants Association (沙田居民協會) and Activist Association (力行社) a green carnival and second-hand market on 5 December 2010 as part of the series of events held during Sha Tin Festival. All Chapters are invited to set-up a second hand stall as a way to promote the 3 R's-reduce, reuse and recycle. 今年，本會領導才能組所舉辦之『溝通360』系列工作計劃榮獲總會頒發Merit of Best Individual Development Program。該系列共分為三個系列；第一炮《與CEO面談 - 如何有效地尋找贊助》，第二炮《說話停不了》及第三炮《職場三十六計》。於3月、5月及8月舉行互動研討會，邀請社會各界知名人士為大家分享溝通心法，得到很大的回響。亦突破舉辦研討會的「只有聽」的局限，做到即場講解，即場實踐，讓參加者可以學以致用，能在生活中成為面面俱圓的人。

另外，本會與日本姊妹會岐阜青年會議將於11月世界大會期間完成續盟儀式，雙方會繼續交換各項情報、意見及經驗。明年是姊妹會60周年慶典，祝願他們邁向更輝煌的一頁。

- And that service to humanity is the best work of life.
